

About the programme

This training programme is useful to learn about infrastructure, service management, security, and migration strategy for cloud computing. The participants can gain the skills needed to make informed decisions on technologies, processes, and mechanisms required to build a cloud infrastructure. The programme covers technologies required to build classic, virtualized and cloud datacenter environments.

Programme Objective

To train the participants in the concept of Cloud Computing and services.

- Journey to the Cloud
- Classic Data Center
- Virtualized Data Center – Compute
- Virtualized Data Center - Storage
- Virtualized Data Center - Networking
- Virtualized Data Center (VDC) – Desktop and Application
- Cloud Infrastructure and Management
- Cloud Security

Registration Details

Registration Fee : Rs 500/-

Filled up registration form is to be sent along with DD for registration fee in favor of “The Principal, R.M.K College of Engineering & Technology, Pudukottai ” Payable at Chennai. Registration fee includes Registration kit, Lunch and Refreshments.

Target Participants

- Faculty members from Engineering colleges
- Industry persons
- PG Students
- Research scholars and graduates implementing project work in this field

About the Institution

R.M.K College of Engineering and Technology (RMKCET) is situated at Pudukkottai, Gummidipoondi Taluk, Thiruvallur District, Tamilnadu was established in the year 2008 under the flagship of Lakshmikanthammal Trust. The college is located at Pudukkottai village at a distance of about 33km from Chennai on the Chennai-Vijayawada National Highway(NH5). It is offering five UG programs in various branches of Engineering and Technology .The institution is an ISO 9001-2008 certified institution approved by All India Council for Technical Education (AICTE) and affiliated to Anna University Chennai .The college as far as academic results are concerned,consistently stands one among the top 10 colleges among 577 Engineering colleges across the state.

RMKCET is affiliated to Anna University and is certified under ISO 9001:2009 by TUV NORD.

About the Department

The Department of Computer Science and Engineering was started in the academic year 2008-2009. The department has good infrastructure and it imparts high quality education structured to meet the present day needs. The CSE Students Association XENIOZ organizes activities like Paper Presentation, Project Display and Technical Quiz. CSI Student chapter of our department organizes activities like mini project competition, Intramural Competition that includes events like paper presentation, debugging, coding and Quiz.
