Best Practice followed by the institution

1.Title of the Practice:

Enhancing Employability Through Structured Placement and Training Activities

2. Objectives of the Practice

- To bridge the gap between academia and industry by preparing students for the job market.
- To provide opportunities for students to secure placements in reputed organizations.
- To enhance employability skills such as communication, problem-solving, and technical proficiency.
- To foster partnerships with industry leaders and recruiters for mutually beneficial collaborations.

3. The Context

In the competitive job market, academic knowledge alone is insufficient to secure employment. The institution identified the need to focus on developing professional skills, increasing industry exposure, and establishing strong recruiter relationships. Challenges included:

- A mismatch between industry expectations and students' skills.
- Limited exposure of students to real-world scenarios and corporate culture.
- Variability in placement opportunities across disciplines.

4. The Practice

The institution implemented a structured and multi-faceted placement program, comprising:

Pre-Placement Training:

1. Aptitude and reasoning workshops.
2. Soft skills training (communication, teamwork, leadership).
3. Resume building and interview preparation sessions.

Industry Collaborations:

1. Memorandums of Understanding (MoUs) with leading companies for internships, live projects, hackathon based hirings and placements.
2. Guest lectures and webinars by industry experts.

Placement Drives:

1. On-campus and off-campus recruitment drives involving reputed organizations.
2. Encouraging participation in job fairs and pooled campus placements.

Student Tracking and Support:

1. Continuous evaluation of students' placement readiness through mock interviews and assessments.
2. Individual career counseling to align students' goals with industry demands.

Entrepreneurship Development:

1. Support for entrepreneurial students through incubation centers and startup mentorship programs.

5. Problems Encountered

- Students immediately going for higher studies after getting the placements
- Students got dual placements affects other students who are yet to be placed.

6. **Resources Required:**

- Funding for specialized training programs and workshops.
- Modern infrastructure for conducting placement drives (e.g., interview rooms, testing labs).
- Dedicated placement officers and faculty coordinators to manage recruiter relationships.

7. Evidence of Success

- **Increased Placement Rate:** Over 90 % of eligible students placed annually across disciplines.
- **Diverse Opportunities:** Students secured roles in sectors such as IT, consulting, and manufacturing.
- **Top Recruiters:** Partnerships with companies like [Accenture, Infosys, IBM, CTS, TCS, Amazon, Zoho, Bosch, CodingMart, KAAR, Hubstream, Hitachi, Mr Cooper].

- **Skill Development:** Student feedback indicates improved confidence and preparedness for interviews.
- **Recognition:** The institution received awards for its placement initiatives and industry tie-ups.

Centres of Excellence

A center of excellence (CoE) is a corporate group or team that leads other employees and the organization as a whole in some particular area of focus such as a technology, skill or discipline. To that end, a business CoE may provide research, support, guidance, placement training and oversight for other employees and students. The area of focus can be anything that's important enough to the business to devote the necessary resources to. A CoE may be ongoing or temporary; group members may work in another capacity or be full-time in the CoE. A center of excellence is frequently used when an organization needs to take on a new technology or skill and manage its adoption. Major trends like BYOD (bring your own device) Cloud Computing and big data analytics often drive the adoption of CoEs as enterprises attempt to deal effectively with a rapidly evolving business environment.

7.2 The best practices followed by the institute are:

1. Title of the Practice:

Fostering Holistic Development Through Club Activities

2. Objectives of the Practice:

- To promote the all-round development of students by providing platforms for skill enhancement.
- To encourage teamwork, leadership, and creativity among students.
- To cultivate social responsibility and interpersonal skills.

3. The context:

With the growing need for well-rounded graduates equipped with life skills beyond academic knowledge, the institution recognized the importance of holistic development of the students Club activities were initiated to address the challenges of monotony in academics, lack of team-building opportunities, and the need to create avenues for students to explore and nurture their talents.

Key challenges:

- Initial reluctance among students to participate due to academic pressures.
- Difficulty in forming committees and sustaining engagement across clubs.

4. The practices:

- Inter-club competitions and annual events to foster healthy competition.
- Involvement of faculty coordinators for guidance.

5. Problems Encountered:

- Difficulty in managing time between academic and extracurricular commitments.
- Limited initial participation in lesser-known clubs.
- Need for consistent funding for club activities.

6.Resources Required:

- Dedicated budget for event planning and execution.
- Physical infrastructure such as Seminar Halls, Labs, classrooms.
- Training sessions or workshops to motivate and guide students.

7. Evidence and Success:

- Over 70% of students actively participate in at least one club activity.
- Increased student achievements in inter-collegiate and national-level competitions.
- Positive impact on campus life, fostering inclusivity and teamwork.

ii. **Coding Club**
iii. **Photography Club**
iv. **Eco Dirt Club**
v. **Literary Art Club**
vi. **Creative Art Club**
vii. **Poster Making Club**
viii. **Yoga Club**

The success of conducting club activities in RMKCET lies in fostering holistic development, enhancing career prospects, and creating a vibrant campus culture. Technical clubs like Coding Club and Quiz Club bridge the gap between theory and practice, while non-technical clubs promote soft skills, teamwork, and leadership. These activities often lead to innovation through projects, hackathons, and competitions, resulting in patents, research, or startups. Clubs also facilitate networking with industry professionals, boosting placements and career opportunities. Additionally, cultural and social programs instill creativity, responsibility, and a sense of community, contributing to the institution's reputation and student satisfaction.

RMKCET PHOTOGRAPHY CLUB has organized a Photography Competition in the Department of Computer Science and Engineering under the theme "**Cityscapes photography"** on **21.10.2023**. The Photography contest is conducted to exhibit the photos clicked by the II, III & IV Year students of CSE Department. The photos were judged by **Mr. R. Prem Kumar** and **Ms. P. Aparna**, top 2 photos were selected in the competition.

The students have presented their wide range of photographs taken outdoors and devoted to displaying city photographs such as landscapes, buildings and close-ups of city view and textures.
