27. The Poster Club of Department of Computer Science and Engineering was conducted an e-postdesign contest with the theme of “HIGH PERFORMANCE COMPUTING” for all Students of Computer Science and Engineering. The theme of “HIGH PERFORMANCE COMPUTING” which creates the awareness about how the technology were used in Now-a-days. The principal objective of event was to enhance students’ knowledge with their creative streak and express their ideas using the colors of imagination. The posters were assessed on the basis of rubrics such as relevance to theme, design, Implementation, Creativity. This activity kept the student engaged and it was
