

Department of Computer Science and Engineering

PAPERS PUBLISHED IN CONFERENCES BY FACULTY

2016-2017

International Conference:

1. Dr.D.Paulraj, “Knowledge discovery and privacy and its issues in big data: a survey”, International Conference Researches in Science Management and Engineering, 2016
2. AnjanaDevi.J,”RAPARE: A Generic Strategy for Cold Start Rating Prediction Problem”, International Conference on Engineering Innovations and Solutions, Sri Venkateswara College Of Technology, 07-04-2017.
3. Shiny Irene.D, “Automatic Irrigation System on Sensing Soil Moisture Content”, International Conference on Recent Research in Engineering, SKR Engineering College, 31.03.2017
4. Akila.K, “Health Monitoring System”, International Conference on Recent Research in Engineering, SKR Engineering College, April 2017
5. C.Kavitha, “Face Detection using pre-filter and canny edge detection”, International Conference on Science and Innovative Engineering, Jawahar Engineering College, 2nd April 2017.
6. Indra.G,” Proxy Re-Encryption in Cloud Computing for Data Storage Security”, International Conference on Contemporary Engineering and Technology, Madha Engineering College, 24th and 25th March 2017.
7. Vaishnavi.S, Dr. Sethukarasi.R, “Various Types of Attacks and its detection algorithm in Internet of Things (IoT): Survey, Proc of International Conference on Advance in Science, Management and Engineering, International Organization of Research and Development, 10th and 11th February 2017.
8. Akila.K, “Silhouette based Human Action Recognition using an Efficient Transformation Technique”, International Conference on Data Science Analytics and Applications (DaSAA), Jan 2017
9. Chitti.Babu.K, “Semantics Based Source Code Summarization”, International Conference on Creative Trends in Engineering, Science and Administration, Feb 2017

10. R.R. Prianka, "Cervical Cell Segmentation from Overlapped Cells Using Fuzzy C-Means Clustering ", International Conference on Internet of Things and challenges, March 2017.
11. C.Kavitha, AnjanaDevi.J, U.Pradheeba, "Evaluation of Worker Quality in Crowdsourcing System on Hadoop Platform", International Conference on Recent Trends in Engineering and Technology (ICRTET), St.Joseph's College of Engineering, May 2017.
12. C.Kavitha, "Visualization of Twitter Data based on Opinion Mining using Lexical Resource", International Conference on Future Trends in Engineering and Business, May 2017.

National Conference:

1. IndraPriyadharshini.S, "The power of Possibility in cloud based health care in India", 8th National Conference on Recent issue in Network Galaxy, RMD Engineering College, 2017.
2. IndraPriyadharshini.S, "Exploring the Feasibility of Parameter Based Homomorphic Encryption in HealthCloud", 8th National Conference on Recent issue in Network Galaxy, RMD Engineering College, 2017.
3. R.R. Prianka, "The blue brain - an introduction to artificial intelligence", National Conference on Nascent Technologies in Biomedical, Electrical,Electronics and Communication", March 2017.
4. R.R. Prianka, "Secured data communication protocol based on modern patient health monitoring system", National Conference on Nascent Technologies in Biomedical, Electrical,Electronics and Communication, March 2017.
5. Vaishnavi.S, "A novel Failure Management System for ATM Networks", National Conference Research issues in Computer Science and Engineering, 24th April 2017.
