

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Academic Year : 2013-14

Department Awards

The Department of Electrical and Electronics Engineering received **Teaching awards in Engineering - 2013**” from **Staffordshire University, UK** in partnership with Education Matters.

The Teaching Awards in Engineering was presented to The Department of Electrical and Electronics Engineering by Education Matters & Staffordshire University. **The Principal receives the Award**

Congratulations

**Department of Electrical and Electronics Engineering
 R.M.K. College of Engineering and Technology**

On receiving

“THE TEACHING AWARDS IN ENGINEERING”

Presented by

Education Matters & Staffordshire University UK

Message of congratulations and appreciation received from
Mr. NARENDRA MODI, Honourable Chief Minister of Gujarath.

Paying the highest pride and respect to 'Parents' and 'Guru' is the practice imbibed in our culture. We owe our knowledge and wisdom gained as a student, to our father, mother and teachers. 'Guru' is one who brings us out of the darkness of ignorance and enlightens our lives.

This is well expressed in Samskrit shloka. “अह्मन् विमिरन्त्यस्य ज्ञानंजन शलाकया पशुकुनमिलितम् वेन लक्ष्मी श्री गुरुवे नमः.” The “Teaching Awards in Engineering” organized by “ Education Matters” and “Staffordshire University, UK” deserves warm welcome in this context. This endeavor is an appreciable attempt to recognize the contribution of teachers in nurturing the life of our students and sensitizing our youth for that purpose.

I extend my congratulations to all the teachers to be awarded and convey my best wishes for all the success.

**Education Matters, International Education Consulting Company.
 Presenting Study Aboard opportunities in the UK, Australia and Canada.**
